This jam-sessions result in a trio of a classic rock formation, Torsten - Bass, Max Appeal - Guitar and Danilo - Drums. „Pyrrior“’s first EP was released in April 2009 and called „Pulsar“. The music of „Pyrrior“ is a round mix of stonerrock and heavy psychedellicrock. December 2010, the album „Oceanus Procellarum“ released on Awaymusic. “Oceanus Procellarum” is the first album which becomes 10 from 10 Points from Stonerrock.eu. The new album “Onestone” is released in October 2014 by Setalight Records and Fuzzmatazz Records. Pyrrior stands for characteristic Stonerrock, with propelling grooves and a good amount of tripping spacesound.
